G
Fade away... **D**
All that we have dreamed of
Am
Bergman said it all,
C **G** **D** **Am** **C**
the magic is in the fall, so true...

G **D**
When you see him tell him all that you
Am
don't know
C
all how much we've grown
G **D** **Am**
so I cry but like always, I don't feel
C
that much in here
G **D**
so I sit by your side just to be near you
Am **C**
oh lord please don't take him yet

G **D**
Now you're gone, you're with angels
Am **C**
I will soon come visit you
G **D**
and talk about, the time we had together
Am **C**
and our town is filled with tears

Don't feel bad while you're there
life was only sad sad while you were here
filled with rage and fear
and now I sit by your side
but you can't hear me
you can always count on me

don't feel sad, you're with angels
I will soon come visit you
and talk about, the time we had together
now our town is filled with tears

so I sit by your side
although you're not with me
when I comfort you, when I come to you

Bm Am

and like always, RIGHT HERE BY YOUR SIDE

don t feel sad, you re with angels

I will soon come visit you

and talk about, the time we had together

and our town is filled with tears
