

Few Days Down
Mandy Moore

C **G**
Itâ€™s a take-out weekend
C **G** **F**
Itâ€™s a fake-out smile and pretend
C **G**
If nobody sees you cry
C **G**
You can say it was raining outside

CHORUS

F **G**
And all that you want
Am **C**
Is a few days down
F **G**
All that you need
Am **C**
A little time to drown
F **G**
Itâ€™s to be expected
Am **C**
With all the weight you carry â€™round
F **G**
All that you want is
Am **F** **C**
A Few Days Down

(Same as previous verse)
Itâ€™s a short vacation
To a foreign nation
Oh, nothing familiar here
Just you and your lonesome heart complaining

D **F**
Iâ€™m looking out
D **F**
Ten stories high
C
And like a blanket lifted
Em
The quiet night
C **Am**
The city finally waking up
C
To the morning light
