

**You Again Hey Ho**  
**Mango Don**

U-Again (heyho)  
(Ahmad/Waine/Blaine)

Dead easy this one - but a great little set filler from the Don.

The chorus is played very muted and stacato and it all sort of builds up over the verses.

All chords are really easy.

All are open except the F#  
C#minor is what I believe the chord is called (I might be wrong)  
it is played

**E:** o  
**A:** o  
**D:** 2  
**G:** 1  
**B:** 2  
**E:** 0

Or like an open A with the g back on the first fret if that s any clearer.

Anyway, excuse my ignorance and play the song...

Ch.

**A**
