my...  
**G D Em C**  
life as a human  
**G** **D**  
In the mirror I see  
**Em** **C**  
trials that are chasing me  
**G** **D**  
But at the back of my seat  
**Em** **C**  
I see Jesus that is guiding me  
**G D Em C**  
all...  
**G D Em C--**  
along the way

**G** **Bm**  
Lets try to finish the race  
**C** **D**  
Solve the problems that we face  
**G** **Bm**  
Lets try to conquer it all  
**C** **D-** **G D Em C**  
It doesn t matter if we rise or fall

Verse II:

**G** **D**  
All my wheels seemed  
**Em** **C**

to be turning slow

**G** **D** **Em**  
I can hear the engine in myself

**C**  
that would blow

**G D Em C** **G D Em C**  
off... my heart and soul

**G** **D**  
I need sunlight

**Em**  
I need water

**C**  
I need air

**G** **D**  
Parts of the gift that

**Em** **C**  
we received and we should share

**G D Em C** **G D Em C**  
with... to all of them

[repeat chorus]

Bridge:

**G** **D** **Em** **C**  
As long as God is within yourself  
**G** **D** **Em** **C**  
the rest will be done and your faith sticks to one  
**G** **D** **Em** **C**  
What matters most is that you cross on the line  
**G** **D** **Em C-**  
and you shall receive...

the greatest divine (repeat until fade)
