Heart Of Steel
Manowar
Heart Of Steel (Manowar)
tabbed by William Blake
[Verse 1]
Am
build a fire of thousand miles away
                                Am
to light my long way home
I ride the comets my trial is long to stay
Silence is a heavy stone
                                     Am
I fight the world and take all they can give
                                                         Am
there are times my heart hangs low
                                                         Αm
Born to walk against the wind born to hear my name
                                                          Am
No matter where i stand i m all alone
[Chorus]

                                                   G

Always one more try
      G
                                D
