

**Fever**

**Maps & Atlases**

Thought I would write out the chords to help out anyone who s having a go at the  
Maps &  
Atlases Fever Comp.

Capo on fret 1

**C**

When the fever passes  
At the bottom of  
The cotton in the background  
In the background of the flood

**F**

Dry among the wet and the rotten

**C**

When the fever passes  
Next to the brimming well  
The worst is more than over  
And anyone can tell

When the fever passes  
And we re all back in our nests

**F**

We ll be extravagant hosts instead of imposing guests

**D**

**F**

And all that you know of this is what you have heard

**C**

I m not sure even the best of us

**D**

**F**

And all that you know of this is what you have heard

**C**

I m not sure even the best of us

**D**

**F**

**C**

Can care all the time

When the fever passes  
When we don t know what to do  
We ll buy twice as many comforts

Just like we used to do  
When the fever passes  
When the fever clears  
We ll look back on these quietly like they re someone else s years

Much Love, Dannyspanish.
