Do You Believe In Lonliness
Marc Anthony

Bbm   F#   G#
I used to try

To set aside
Bbm   F#   F
Some Time for being lonely

Bbm F#   G#
So many times
  G#   F#
I prayed to find
Bbm   F#   F
Someone like you to hold me

Bb   G#   G
All I know is that when I think of you
         Cm
I m not alone
     D
I just simply close me eyes
          Gm
And sing my song
F   D#
And I am home
F   Bb
Loving where I belong

[Chrous:]
Bbm   G#
Do you believe in loneliness
     F#   **F**   **Bbm**
I do now that s where I found you and I ll never let you go
               G#
When all I knew was onlyness
        F#
There you were
     F
With you around
         Fm   Bb
Who s lonely now

Bb   F#   G#
I feared the night
  G#   F#
But now it s mine

```
                                F
  Cause something s out there for me

Bbm   F#           G#
Let s take our time
            F#
I m satisfied
             F
With having you to own me

Bb                G#                            G
All I know is that when I think of you
            Cm
I m not alone
D
I just simply close me eyes
                   Gm
And sing my song
F               D#
And I am home
F                         Bb
Loving where I belong
