

Ive Got You  
Marc Anthony

**A Dm**

Baby when I think about you

**F G A**

I don t need to think cause I just know

**A Dm**

That baby it s the way you love me

**F G A**

That makes me so damn sure that youâ€™re the one

**A Dm**

Don t you know that I ve waited for you

**F G A**

You are everything I ve wanted all my life

**A Dm**

Never thought I would find what I need

**F G A**

Til you came along my dreams seemed so far away

[Chorus:]

**A**

I could be with another girl

**Dm**

And I can take a trip all around the world

**F G A**

But why would I go anywhere when I ve got you

**A**

I could spend my money on fancy clothes

**Dm**

Meet a thousand women doing videos and shows

**F G A**

But baby I m so glad that I got you
