

Ive Got You
Marc Anthony

A Dm

Baby when I think about you

F G A

I don t need to think cause I just know

A Dm

That baby it s the way you love me

F G A

That makes me so damn sure that youâ€™re the one

A Dm

Don t you know that I ve waited for you

F G A

You are everything I ve wanted all my life

A Dm

Never thought I would find what I need

F G A

Til you came along my dreams seemed so far away

[Chorus:]

A

I could be with another girl

Dm

And I can take a trip all around the world

F G A

But why would I go anywhere when I ve got you

A

I could spend my money on fancy clothes

Dm

Meet a thousand women doing videos and shows

F G A

But baby I m so glad that I got you
