Why won t you give me the time of day?
Tell me the reasons that you run away
Did I do something? Cause I m so confused
Feels like you want me but you re afraid

Emily, Oh Emily, don t be mean to me

You re doing things that are hard to read
Oh, why are you fighting the chemistry
Is there something in your past, did someone hurt you so bad?
I just wanna set you free
So tell me what you want me to do

Oh Emily, don t be mean to me
I m just trying to find a way to your heart
Oh Emily, will I ever be

The one you call when you are all alone in your bed
The one that you try but you can t get out of your head?
Emily, Oh Emily, don t be mean to me

I think we might have a chance at something

Don t try to tell me that you re not feeling it

D

So why don t you just let me in?

E5 B

Emily, Oh Emily

Oh Emily, don t be mean to me

I m just trying to find a way to your heart
Oh Emily, will I ever be

The one you call when you are all alone in your bed
The one that you try but you can t get out of your head?
When you done it all and you decide you want me instead
Emily, Oh Emily, don t be mean to me
Don t be mean to me

([Incomprehensible])
Oh Emily, don t you be mean to me
Oh Emily, don t be mean to me
([Incomprehensible])
Don t be mean to me
