

**Let The Music Get Down In Your Soul**  
**Marc Broussard**

Great song by an amazing artist. Tabbed this by ear so it might be a little off.  
You can  
capo 4 and play in G. Not sure about the D# in the Bridge but it sounds  
accurate.

**B**  
When you life gets too complicated

**E**  
Gotta let the music (music, music)

**B**  
Get down in your soul

**B**  
Forget all your frustrations

**E**  
And let the music (music, music)

**B**  
Get down in your soul

Chorus

**B**  
Get on up my brother (get on up, get on up)

**E**  
And let the music get down in your soul
