G **Am**
Life is too far to walk alone
C
You can't do it on your own

It's like bare hands digging through stone
G **Am**
And if things go down much steeper hills
C
Even money won't pay these bills
G
And time will show

Chorus:

G
That people gonna be ok
Am
Storms never come to stay
C
They just show us
C
How bad we need each other
G
How bad we need each other

And the trials of today
Am
They are signs along the way
C
To remind us how bad we need each other
G
How bad we need each other
