

**Wildest Dreams**  
**Marc Scibilia**

[Verse]

**G** **C** **G** **G** **D**  
Pacing through the dark in this cold apartment I step out on the fire escape.  
**G** **C** **G** **G** **D**  
I look at where we are and where we started and where weâ€™d like to be someday.

[Chorus]

**C** **G** **Em** **Bm**  
But if this is as far as we get if this is as high as we go  
**C** **D** **G** **C** **G** **D**  
**G**  
I will rest in peace but I wonâ€™t fall asleep â€™cause itâ€™s better than my  
wildest dreams

[Verse]

**G** **G** **C**  
And itâ€™s nothing like the world that we once imagined  
**G** **D** **G** **G**  
but doesnâ€™t it look beautiful? And nothing lasts forever so  
**C** **G** **G** **D**  
whatever happens I just wanted you to know

[Chorus]

**C** **G** **Em** **Bm**  
If this is as far as we get if this is as high as we go  
**C** **D** **G** **C**  
I will rest in peace but I wonâ€™t fall asleep  
**G** **D** **G**  
â€™cause itâ€™s better than my wildest dreams.

[Bridge]

**Em** **C** **G** **D**  
Oh and I still donâ€™t know what lies ahead of you and me but  
**Em** **C** **G** **D** **Em**  
tonight I wonâ€™t close my eyes because itâ€™s better than my wildest dreams  
**C** **G**  
my wildest dreams my wildest dreams  
**Em** **C** **G**  
yes itâ€™s better than my wildest dreams  
**C** **G**  
my wildest dreams my wildest dreams

[Verse]

**G** **C** **G**  
Life fills up the room and the streets starts singing  
**G** **D** **G**  
a new song to another day I sleep an hour or two

**C**                      **G**                                      **D**  
but my phones are ringing and I feel the rumble of the train

[Chorus]

**C**                      **G**                                      **Em**                      **Bm**  
If this is as far as we get if this is as high as we go I  
**C**                      **D**                                      **G**                      **C**  
will rest in peace but I won't fall asleep cause  
**G**                                      **D**                      **G**  
it's better than my wildest dreams.
