

**If I Go Outside**  
**Marcus Foster**

Hi there! I love this song from Marcus Foster!  
So, so good :) Tabbed to this version-

<http://www.youtube.com/watch?v=ed1lHgNLO1U>

(May not play along with other versions.)

Play along with the video to get the strumming down.  
He does a lot of hammering throughout, especially on the  
D chord (hammer the high e string) and some picking here and  
there. It s not hard to find the strumming pattern even if you  
don t do the hammers and picking ;)

**Bm7** [x24232]- This is how Marcus plays it.

**Bm7** [02023x]- This is how I play it (it s easier- for me  
anyways)and it sounds good, BUT just strum  
those low strings EADG for it to sound best.

STANDARD TUNING w/
