Bm

A cocoon in a silent tree

F#m

Through the dark night you listen to me

G

Em

When I whisper broken words in your ear

Bm

F#m

And you push, you push me hard to the surface

G

Iâ€™m blinded at heart but you wake me

Em

You wake me up from the snow where I was born

Bm

Now I can see

F#m

The whole world is mine

G

I can touch and feel

Em

I feed you my love

Bm

You put a knife against my back

F#m

And you dare me to face the attack

G

You say, â€œFor cowards thereâ€™s no rewardâ€•

Em

Feel the heat

Bm

Take my hand, I trust your word

F#m

Bring the fire, I donâ€™t care if it hurts

G

I have the future on my tongue

Em

Give me a kiss

Bm

Now I can see

F#m

The whole world is mine

G

I can touch and feel

Em

I feed you my love

Bm

You put a knife against my back

F#m

And you dare me to face the attack

G

You say, "For cowards there's no reward."

Em

I have the future on my tongue

Bm

Now I can see

F#m

The whole world is mine

G

I can touch and feel

Em

I feed you my love

Feed you my love

Bm

So I feed you my love
