Cm

A cocoon in a silent tree

Gm

Through the dark night you listen to me

G#

Fm

When I whisper broken words in your ear

Cm

Gm

And you push, you push me hard to the surface

G#

Iâ€™m blinded at heart but you wake me

Fm

You wake me up from the snow where I was born

Cm

Now I can see

Gm

The whole world is mine

G#

I can touch and feel

Fm

I feed you my love

Cm

You put a knife against my back

Gm

And you dare me to face the attack

G#

You say, â€œFor cowards thereâ€™s no rewardâ€•

Fm

Feel the heat

Cm

Take my hand, I trust your word

Gm

Bring the fire, I donâ€™t care if it hurts

G#

I have the future on my tongue

Fm

Give me a kiss

Cm

Now I can see

Gm

The whole world is mine

G#

I can touch and feel

Fm

I feed you my love

Cm

You put a knife against my back

Gm

And you dare me to face the attack

G#

You say, "For cowards there's no reward".

Fm

I have the future on my tongue

Cm

Now I can see

Gm

The whole world is mine

G#

I can touch and feel

Fm

I feed you my love

Feed you my love

Cm

So I feed you my love
