C#m

A cocoon in a silent tree

G#m

Through the dark night you listen to me

A

F#m

When I whisper broken words in your ear

C#m

G#m

And you push, you push me hard to the surface

A

Iâ€™m blinded at heart but you wake me

F#m

You wake me up from the snow where I was born

C#m

Now I can see

G#m

The whole world is mine

A

I can touch and feel

F#m

I feed you my love

C#m

You put a knife against my back

G#m

And you dare me to face the attack

A

You say, â€œFor cowards thereâ€™s no rewardâ€•

F#m

Feel the heat

C#m

Take my hand, I trust your word

G#m

Bring the fire, I donâ€™t care if it hurts

A

I have the future on my tongue

F#m

Give me a kiss

C#m

Now I can see

G#m

The whole world is mine

A

I can touch and feel

F#m

I feed you my love

C#m

You put a knife against my back

G#m

And you dare me to face the attack

A

You say, "For cowards there's no reward."

F#m

I have the future on my tongue

C#m

Now I can see

G#m

The whole world is mine

A

I can touch and feel

F#m

I feed you my love

Feed you my love

C#m

So I feed you my love
