

Vampires In Blue Dresses

Margot & the Nuclear So and So's

C G Am
Somebody s gonna love you.

C G Am
Somebody oughta lay you out.

F C
Don t give it away.

G Am
Cause I need you the most

F Am
when I m half of what I was

G C?
when I was in your room.

F C
Don t pick up the phone.

G Am
Don t answer the door.

F Am
Cause those villans want your blood.

G C?
And they re gonna get it.

C G Am
Your mother is a vampire.

C G Am
She sucked your old man s life away.

F C
Turn everything off.

G Am
Just cover your neck.

F Am
Cause life is full of your regrets.

G C
And I should be one.

F C
Try telling me off.

G Am
Try slamming the door

F Am
and telling me I m not worth your time.

G C?
Or the breath I m breathing.

F C
Don t throw it away.

G **Am**
Oh, Calico queen.

F **Am**
Cause now you re merely a machine,
G **C?**
And not a person.

F **C**
Try telling me off.

G **Am**
Try slamming the door

F **Am**
and telling me I m not worth your time.

G **C?**
Or the breath I m breathing.
