SEASON OF THE FAIR BY MARIA MCKEE

C F
Will you remember me every season of the fair
C G
Will you remember how your stormy face was tangled in my hair
C
Oh the carnival light will always shine
F
You can't turn back the time
C G C
So will you save a place for me in your dreams tonight

G F C
Well I know where you're going baby, I know where you been
G F C
I know what you're thinkin' when you don't say what you mean
F C G F
When the first breath of June comes to fill my empty arms
C G F
To brighten up your shadow in the winter of my heart
C G E
To find me where the balmy weather catches me off guard

F C G F
And I wonder does she take you to that high summer place

Does she trace my kisses on the parchment of your face

They linger there like sugar should you ever need a taste
