Maria Mena - Fragile

**G** **D**  
I ve been walking around all day,  
**C**  
thinking.  
**G** **D**  
I think I have a problem,  
**C**  
I think I think too much.  
**G** **D**  
I ve been taught to hold back my tears,  
**C**  
and avoid them.  
**Am** **D**  
But you make pain into something I could touch.

I ve been walking around all day,  
laughing.  
I think I d be better off without you here.  
And I bet you re sweet and hard to get over.  
So I ll cry and people will stop and stare.  
Now that s okay.  
Let them stop and stare.

**G D C**  
Cause I am fragile.  
**G D C**  
I am hopeless.  
**G D C**  
I m not perfect.  
**G D C**  
But I am free.

I ve been walking around all day,  
waiting.  
And waiting is all I seem to do.  
Cause I never get it unless I m fed it.  
But this time I ll just have to.  
Yeah this time I ll just have to.

And I m fragile.  
I am hopeless.  
I m not perfect.  
But I am free.

Say you re not around, am I finished?  
If you re not around, that s too bad.  
Hope youre safe and sound, not alone now.  
Cause you know I believe in you.

I m still fragile,  
I m still hopeless,  
I m not perfect,  
But I am free.

And I m fragile,  
I am hopeless,  
I m not perfect,  
But I am free.

Cause I am fragile,  
hopeless,  
I m not perfect,  
But I am free.

oh oh oh oh....
