

I Stay In Love
Mariah Carey

C#

Dying inside cause I can't stand it

A#m

Make or break up Can't take this madness

F#

We don't even really know why All I know is baby

G#

I try and try so hard To keep our love alive

C#

If you don't know me at this point Then

A#m

I highly doubt you ever will

F#

I really need you to give me

That unconditional love

G#

I used to feel It's a mistake if we just erase it

From our hearts and minds and I know

(chorus)

We said let go But I kept on hanging on Inside

I know it's over You're really gone

It's killing me cause there ain't nothing That I can do Baby,

I stay in love with you And

I keep on telling myself That you'll come back around And

I try to front like Oh well Each time you let me down

See I can't get over you now

No matter what I do

But baby, baby

I stay in love with you

Na na na na na na na na na

Na na na na na na na na na

Na na na na na na na na na

Baby, I stay in love with you

It cuts so deep

It hurts down to my soul

My friends tell me

I ain't the same no more

We still need each other

When we stumble and fall

How we gonna act

Like what we had

Ain t nothin at all now

Hey, what I wanna do is
Ride shotgun next to you
With the top down like we used to
Hit the block
Proud in the SUV
We both know our heart is breaking
Can we learn from our mistakes
I can t last one moment alone
Now go I know

(chorus 2x)

(repete tudo)
