

Whenever You Call
Mariah Carey

Bb **Gm** **D#** **F**
Love wandered inside stronger than you, stronger than I
Bb **Gm** **D#**
And now that it has begun we cannot turn back,
F **Bb**
we can only turn into one

Bb **Gm** **D#**
I won't ever be too far away to feel you,
F **Bb**
and I won't hesitate at all, whenever you call
Gm **D#**
And I'll always remember the part of you so tender
F **Bb**
I'll be the one to catch your fall, whenever you call

Bb **Gm** **D#** **F**
And I'm truly inspired, finding my soul there in your eyes
Bb **Gm** **D#**
And you have opened my heart and lifted me inside,
F **Bb**
By showing me yourself undisguised

Bb **Gm** **D#**
I won't ever be too far away to feel you,
F **Bb**
and I won't hesitate at all, whenever you call
Gm **D#**
And I'll always remember the part of you so tender
F **D#** **Bb**
I'll be the one to catch your fall, whenever you call

C# **G#**
And I will breathe for you each day,
D# **Bb**
comfort you through all the pain, gently kiss your fears away
C# **G#**
You can turn to me and cry
D# **F**
always understand that I give you all I am inside
