F C F G
She s always gonna be a part of me

Fm G C
When April snow is falling
Fm G C
And you wish you were somewhere else
Fm G C Am
When you wake up In the darkest part of the night
B F C
When April snow is falling down

After two bottles of wine
And really late in the night
You said, I d be better be going home
I don t care where I sleep tonight
I m always gonna love her...

When April snow is falling
And your heart is no longer what it was
When you re blinded by tears
And you cannot see the sun
When April snow is falling down
When April snow is falling down
When the morning sun keeps you blind
When April snow is falling down
