Fm G C  
When April snow is falling  
Fm G C  
And you wish you were somewhere else  
Fm G C Am  
When you wake up In the darkest part of the night  
B F C  
When April snow is falling down

After two bottles of wine  
And really late in the night  
You said, I d be better be going home  
I don t care where I sleep tonight  
I m always gonna love her...

When April snow is falling  
And your heart is no longer what it was  
When you re blinded by tears  
And you cannot see the sun  
When April snow is falling down  
When April snow is falling down  
When the morning sun keeps you blind  
When April snow is falling down
