Marbles I
Marillion

Marillion-Marbles I

F#m: 244222
Esus2: x244x0
Am:001220
G: 320033

Intro: **F#m**, **Esus2** (alternately until lyrics start)

```
            F#m
Did anyone see my last marble
                  Esus2
As it rolled out and over the floor?
                    F#m
It fell through a hole in the corner
                Esus2
Of a room in a town on a tour

             F#m
It s lonely without your last marble
                Esus2
I miss it not rattling around
      F#m                           Esus2
As I lie in my bed there s a space in my head
              F#m                       Am
Where there used to be colours and sound..
```

Ending: **Am**, **G** (alternately until song ends)

Enjoy playing this mellow song. If you have any comments, please let me know by writing a comment.
