NOTE: I know for sure that this song is tuned down cause it s a real fucking heavy ass song but this tab is for a standard tuned 7 string. But if you wanna learn it on a six string, tune it to Wes Borlands tuning (C#,F#,E,B,G#,C#) and play 2 frets down. So if it says 244 on the low B play open C#5 okay okay.....

That s it. Love this song, it s just so heavy and I love what Manson did with this song

on the Gods, Guns And Government Tour. It s was awseome. Well if you have any comments, corrections, suggestions ToX*
