Into a plastic rainbow

A D F

And I have left myself to hang

Em D

In a halloween sky

A F

I let you tattoo a frown

Em D

Onto a face of white snow

A F

Now I see footprints of a man

Em D

Running through my eyes

Em D Bm

Do I despise these perfect lies

Bm/D Em

I tell myself each night and day

D Bm

Go kiss by blackened heart goodbye

Bb

I m running out of things to play

Hey, see I need to forget

Am F Em

That I ve become a plastic rainbow

D Am

And I m melting in the sun

F Em

And I have fallen from the sky

D Bb

In a million multi-coloured lies

Dm F Dm F A

I ve had enough of your ideals, ideals yeah

Blue Maybelline mascara

F A

Is running down my favourite shirt

D G F

And whoever thought that messing with me

Was ever gonna hurt?

D G

Your plastic swords, too many times

F Em

In black suspenders and her mini-skirts

Em D Bm

I tell myself each night and day

D Bm

Go kiss by blackened heart goodbye
