Bm **A**
Lying on a fake beach,

You ll never get a tan.
Bm **A**
Baby, I m gonna leave you drowning,
D **F#**
Until you reach for my hand.

Bm
In the night your heart is full
A **D** **F#**
And by the morning empty.
Bm
But baby, I m the one who left you,
A **D** **F#**
You re not the one who left me.

Bm **A** **D** **F#**
When you re around me I m radioactive.
Bm **A** **D** **F#** **Bm** **A**
My blood is burning, radioactive.

D **F#**
My blood is radioactive.

Bm **A** **D** **F#**
My heart is nuclear.
Bm **A** **D** **F#** **Bm** **A**
Love is all that I fear.
D **F#** **Bm** **A**
Ready to be let down,
D **F#** **Bm** **A**
I m turning radioactive.
D **F#**
My blood is radioactive.

Bm **A**
Waiting for the nightfall,
D **F#**
For my heart to light up.
Bm **A**
Oh baby, I want you to die for,
D **F#**
For you to die for my love.
