```
Em                          D
I know that I can t have it all
Am                    C
But without you I am afraid I ll fall
Em                        D
I know I m playing with your heart
Am                              C
And I could treat you better but I m not that smart
Em                          D
When it comes to love, you re an easy fight
Am                  C
A flower in a gun, a bird in flight
Em                      D
It isn t fair and it isn t right
Am                      C
To lead you on like it s all alright

   C      D    Em
I played with your heart
    C                D               Em
And I could treat you better but I m not that smart
    C    D    Em      C    G     C
You still mean everything to me, to me
      Am           C
But I want to be free

D         C                  Em       Am
I ll ruin, yeah I ll ruin you (I ll Ruin)
D              C                Em        Am
I ve been doing things I shouldn t do (I shouldn t do)

D   C      Em    Am

Em                        D       Am                       C
It s difficult to move on when nothing was right and nothing s wrong
Em                            D
You still can t look me in the eye
       Am                                  C
Cause you ve been bitten once and now you re twice as shy
Em                 D           Am
I ve had my share of beautiful men
                        C
But I m still young and I want to love again
Em                 D
It s difficult to say goodbye
```

```
Am                      C
And easier to live a lover s lie

     C    D         Em
And I ve tried to say
C              D        Em
Babe, I m gonna ruin you if you let me stay
     C    D    Em     C    G    C
You still mean everything to me, to me
        Am           C
But I want to be free

D          C               Em        Am
I ll ruin, yeah I ll ruin you (I ll Ruin)
D              C               Em        Am

D    C      Em    Am
Yeah, uh huh, ooh, I m a ruin

     Am                      C
It doesn t feel right and it doesn t feel fair
          Em                              D
When I m planning to move on and you re still standing there
Am                          C                      Em      D
Don t wanna keep a secret but I don t know how to keep it fair, yeah

D          C               Em        Am
I ll ruin, yeah I ll ruin you (I ll Ruin)
D              C               Em        Am
I ve been doing things I shouldn t do (I shouldn t do)
C    Em                      D
But I don t wanna say goodbye
        Am                D
But baby I don t wanna lie
       C          Em
To lie, to lie to you
        Am
I m a ruin

D    C      Em    Am
Yeah, uh huh, ooh, I m a ruin
D    C      Em    Am
Yeah, uh huh, ooh, I m a ruin
