Capo is on the 6th Fret

C F G
We can meet under the starlight
C F G
In our bare feet catch a firefly
C F G
In a world where angels are falling
C F G C
It's as perfect as a night s gonna be
F G

You see

C F G
Hold my hand for way too long
C F G
All my plans just take too long
C F G
Wanna stay right here beside you
C F G
People say that love will find you

Bb

It will

F C Bb
Here in the starlight we all have the right to dream
F G
Here in the starlight where love is the way that it seems

C F G
Let the breeze blow back your hair
C F G
Climb a tree without a care
C F G
In a world of dirt and glitter
C F G C
F G
You've been hurt but you don't seem bitter at all
C F G
Found a place that's in my heart
C F G
Can't replace it if we parted
C F G
