

**D** **Dmaj7**  
 Love was a gift, stubborn and wild  
**D6** **Dmaj7**  
 I was armed with the faith of a child  
**G** **D**  
 And you were my joy, you were my friend  
**G** **A**  
 There is no going back there again  
**C(strum)** **G(strum)**  
 It's more than you can ask of me my love  
**D**  
 I'm coming out of nowhere  
**Em** **F#m** **G(strum)**  
 It feels good here better than you know  
**D** **A** **G** **A**  
 Isn't it only fair that you try and let it go?

INTRO: **D,G,D,G**

VERSE 2:

**D** **G**  
 Yours was the ring that I started to wear  
**D** **G**  
 Yours were the vows that went up in the air  
**D** **G**  
 Yours was the choice to stay away from her  
**D** **G**  
 Mine was the dream that got lost in the stir  
**D** **G**  
 These were the times I would call you my own  
**D** **G**  
 These were the times I were waiting at home

PRE-CHORUS 2:

**A** **G**  
**D**  
 I'll tell you something, I've been changing after what you put me through  
**A** **G**  
 There is just no way that I'll be coming home to you

CHORUS:

**D** **Dmaj7**  
 'Cause only a fool would do this again  
**D6** **Dmaj7**  
 Only a fool would let you back in  
**G** **D**  
 There is no you left to embrace  
**G** **A**  
 There is no word would make it feel safe  
**D** **Dmaj7**
