Gone Swimming

written by Mark Curry  
as performed on the album "It s Only Time"  
transcribed by Anand Kumar (ST001904@hrz1.hrz.th-darmstadt.de)

This is one of the best song I know so far. Besides it s very easy (at least the rhythm guitar, singing simutaneously might be more difficult)!  
The G is played at the 3rd fret and you slide into the F played at the first fret, everytime you have a G followed by an F.  
You really have to listen to the CD for the rhythm of the voice. I thought about putting the chords right where they are sung, but somehow this made the appearance of the file even worse, so I aligned them to the words, which is not exactly the way they are sung, but much easier to visualize. You ll get it anyway, I guess.
