

Prairie Wedding
Mark Knopfler

C **Bb**
We only knew each other by a letter
C
I went to meet her off the train
C **Bb**
When the smoke had cleared and the dust was still
C
She was standing there and speaking my name

C **Bb**
I guarantee she looked like an angel
C
I couldn't think of what I should say
C **Bb**
But when Adam saw Eve in the garden
C
I believe he felt the selfsame way

C **Bb**
I handed her up on the wagon
C
And I loaded up her trunk behind
C **Bb**
She was sitting up there with the gold in her hair
C
And I tried to get a hold of my mind

F **C**
Do you think that you could love me Mary
F **D#** **F**
Do you think we got a chance of a life
C **Bb**
Do you think that you could love me Mary
Bb **C**
Now you are to be my wife

C **Bb**
We finally headed out of the station
C
And we drove up the home trail
C **Bb**
And when we came on the farm she laid a hand on my arm
C
I thought my resolution would fail

C **Bb**
And I froze as she stepped in the doorway

C

Stood there as still as could be

C

Bb

I said I know it ain't much, it needs a woman's touch

C

Lord she turned around and looked at me
