CHORUS:

**Fm**
I don t wanna see you go,
                    **G#**
I want somebody to love me,
**Fm**
Why d it take so long to know?
                    **G#**
I want somebody to love me,
                        **Bbm**
I want somebody to be nice,
                            **C#**
See the boy, I once was in my eyes,
                        **Fm**
Nobody s gonna save my life

VERSE 1:
        **Fm**
We are wicked men,
Looking for our buckles to loosen,
By the count of ten,
I wanna see somebody human,

        **Fm**
And I lost what it was, in the teenage dust of a downtown Romeo,
In a couple of weeks, you can tell all the freaks, how you carried my body home

BRIDGE:
**Bbm**
But tonight, I crossed the line,
 **C#**
Dear Mr Lonely, how much do they know me?
**Bbm**
I could find lessons in life,
 **C#**
But, once you ve earned it, you ve already burned it

CHORUS:
**Fm**
I don t wanna see you go,
                       **G#**
I need somebody to love me,
(Need somebody, oh)
**Fm**
Why d it take so long to know?
                     **G#**
I need somebody to love me,
(Need somebody, oh)
                            **Bbm**
I want somebody to be nice,
                                  **C#**
See the boy, I once was in my eyes,
                        **Fm**
Nobody s gonna save my life

VERSE 2:
       **Fm**
Got my ticket man, and I m looking for somebody to use it,
I know we pretend, but one of these days we re gonna lose it,

   **Fm**
And I once left town, when the leaves turn brown,
With a couple of souvenirs,
She was in my car, when we hit that wall,
Yeah, you could of moved me to tears

BRIDGE:

**Bbm**
But tonight, I crossed the line,
**C#**
I used to know her, when my house was sober,
**Bbm**
I could find lessons in life,
**C#**
Over and over, is it really over?

CHORUS:
**Fm**
I don t wanna see you go,
                       **G#**
I need somebody to love me,
(Need somebody, oh)
**Fm**
Why d it take so long to know?
                     **G#**
I need somebody to love me,

(Need somebody, oh)
                                    **Bbm**
I want somebody to be nice,
                                            **C#**
See the boy, I once was in my eyes,
                                    **Fm**
Nobody s gonna save my life
