

**He Is**  
**Mark Schultz**

Here is one of Mark Schultz pretty recent songs and since there are hardly no tabs for him on this website I figured I would do my best to help you guys out. I'm not 100% sure on this, but I do know the song is in the key of C and I believe this is the correct way to play the song. Hope you guys enjoy, God Bless, and if you have any questions comment or send me an email. Happy Jamming!  
p.s. all chords are relative to the capo
