

Lips On You
Maroon 5

[Intro] **Am Em D**

Am Em D
You keep me connected to you like I was your shadow
Am Em D
You re giving me answers to all of my questions here on my pillow, oh
Am G
Can t nothing get in between us, baby
D
We ve been waiting on this moment for so long
Am Em D
You wanna be reckless, restless, right until tomorrow
Wait

Am
When I put my lips on you
G D
You feel the shivers go up and down your spine for me
Make you cry for me
Am
When I put my lips on you
G D
I hear your voice echoing all through the night for me
Baby, cry for me

F G

D
When I put my lips on you (when I, when I, when I)

Am Em D
Just turn off the lights and you can be my private dancer
Am
When we close the curtains
Em D
You and me can forget all our manners, oh
Am G
The neighbors must think that we re crazy, maybe

Cause look how easily we keep coming undone
