Bm
I wake up with blood-shot eyes
Bm7/A
Struggled to memorize
Bm/G#
The way it felt between your thighs
Bm7/A
Pleasure that made you cry
Bm
Feels so good to be bad
Bm7/A
Not worth the aftermath
Bm/G#
After that, after that
Bm7/A (Bm - A)
Try to get you back

[Bridge]
G A
I still don t have the reason
G A
And you don t have the time
(Bm - A) G
And it really makes me wonder
A A#°
If I ever gave a fuck about you

[Chorus]
Bm A
Give me something to believe in
G
Cause I don t believe in you
F#7
Anymore, Anymore
Bm A G

I wonder if it even makes a difference to try
F#7
So this is goodbye

Bm
God damn, my spinning head
Bm7/A
Decisions that made my bed
Bm/G#
Now I must lay in it
Bm7/A
And deal with things I left unsaid
Bm
I want to dive into you
Bm7/A
Forget what you re going through
Bm/G#
I get behind, make your move
Bm7/A (Bm - A)
Forget about the truth

[Bridge]
G A
I still don t have the reason
G A
And you don t have the time
(Bm - A) G
And it really makes me wonder
A A#°
If I ever gave a fuck about you

[Chorus 1 + 2]
Bm A
Give me something to believe in
G
Cause I don t believe in you
F#7
Anymore, Anymore
Bm A
I wonder if it even makes a difference,
G F#7
It even makes a difference to try (yeah)
Bm A
And you told me how you re feeling
G
But I don t believe it s true
F#7
Anymore, Anymore
Bm A G
I wonder if it even makes a difference to cry (Oh no)

So this is goodbye
