

Remedy ft Stevie Nicks  
Maroon 5

Intro

D                    A F#m                    E  
Ooh, ooh-ooh, take it from the start  
D                    A                    F#m                    E  
Just a little love will tear us apart  
D                    A F#m                    E  
Ooh, ooh-ooh, take it from the start  
D                    A                    F#m                    E  
Just a little love will tear us apart

D                    A                    F#m                    E  
Baby, on your mom and dad, live young, die fast  
D                    A                    F#m                    E  
That s the remedy, that s the remedy for everything  
D                    A                    F#m                    E  
Too much on my mind, another pill and I ll be fine, yeah  
D                    A                    F#m                    E  
That s the remedy, that s the remedy for everything

D    A                    F#m                    E  
Sometimes I feel out of my mind, but I m not  
D                    A                    F#m                    E  
Feels more like I m out of my body  
D    A                    F#m                    E  
Sometimes I m in my own way, but I m not  
D A                    F#m                    E  
I don t really feel like anybody

D                    A                    F#m                    E  
Walkin in the sun, sun-kissed fac?  
D                    A                    F#m                    E  
The candles in the sun, I m br?akin down  
D                    A                    F#m                    E  
Take me now, I m breakin down  
D                    A                    F#m                    E  
Just need someone to love me, to love me

D                    A F#m                    E  
Ooh, ooh-ooh, take it from the start  
D                    A                    F#m                    E  
Just a little love will tear us apart  
D                    A F#m                    E  
Ooh, ooh-ooh, take it from the start  
D                    A                    F#m                    E  
Just a little love will tear us apart

**D**                    **A**                    **F#m**                    **E**  
 Memories I can't relive, fade away from how I feel  
**D**                    **A**                    **F#m**                    **E**  
 That's the remedy, that's the remedy for everything  
**D**                    **A**                    **F#m**                    **E**  
 Give no fucks, I never did, livin' like I never live  
**D**                    **A**                    **F#m**                    **E**  
 That's the remedy, that's the remedy for everything

**D**    **A**            **F#m**                    **E**  
 Sometimes I feel out of my mind, but I'm not  
**D**       **A**                    **F#m**                    **E**  
 Feels more like I'm out of my body  
**D**    **A**                    **F#m**                    **E**  
 Sometimes I'm in my own way, but I'm not  
**D** **A**                    **F#m**                    **E**  
 I don't really feel like anybody

**D**                    **A**       **F#m**                    **E**  
 Walkin' in the sun, sun-kissed face?  
          **D**                    **A**                    **F#m**                    **E**  
 The candles in the sun, I'm breakin' down  
**D**                    **A**       **F#m**                    **E**  
 Take me now, I'm breakin' down  
          **D**                    **A**       **F#m**                    **E**  
 Just need someone to love me, to love me

**D**                    **A** **F#m**                    **E**  
 Ooh, ooh-ooh, take it from the start  
**D**                    **A**                    **F#m**                    **E**  
 Just a little love will tear us apart  
**D**                    **A** **F#m**                    **E**  
 Ooh, ooh-ooh, take it from the start  
**D**                    **A**                    **F#m**                    **E**  
 Just a little love will tear us apart (Just a little love)  
**D**                    **A** **F#m**                    **E**  
 Ooh, ooh-ooh, take it from the start  
**D**                    **A**                    **F#m**                    **E**  
 Just a little love will tear us apart  
**D**                    **A** **F#m**                    **E**  
 Ooh, ooh-ooh, take it from the start  
**D**                    **A**                    **F#m**                    **E**  
 Just a little love will tear us apart
