One To Make Her Happy - Marques Houston

[Verse 1]

Well for nine years or ten she was engaged to Dan
she never thought of another man
Then she felt something new, she didn't know what to do
she wasn't sure if this love was true
(She was never happy), she was never sad
(She never felt that lucky), with the boy she had
One day she just threw her life in the pan
to share her life with three men

[Chorus]

And she found one to make her happy
one to make her sad, one to give her good love, that she never had
Daisy and her boyfriends living in a house, sharing just the good life
Do do do do, do do do do do do, do do do do do do, do do do

[Verse 2]

And that was four years ago, now Daisy blew the whole show, uh huh
and all the boys had to face the end
When she opens the door, you see some kids on the floor, uh huh huh
I don't believe they're from heaven sent
(She was never happy), she was never sad
(She never felt that lucky), with the boy she had
One day she just threw her life in the pan
to share her life with three men
