

Dont Forget
Martha Wainwright

Martha Wainwright
Don t Forget

This is a gorgeous song by the total legend and goddess that is Martha Wainwright
This is not how Martha plays it, but I reckon it sounds ok and is easy to play :)

A **E**
Summer comes and rain falls away

B
But the very next day it seems

E
The snow comes to stay

A **E**
And you too will go just like the dog days do

B
I ll put on my hat, my gloves, my scarf

E
To keep the cold apart

A **E**
But there are no hats, gloves, scarves for the heart

B **E**
Just a cold wind which leaves its frosted mark

A **E**
Don t forget that I will always love you

B **E**
Just a reminder to help you pave your pathway

B **B**
Summer comes, fall it cools

B **B**
Winter it snow, spring it rains

E
And you go

A **E**
But in my silly mind I ve gotten married to you

A **E**
You re across town, don t even have a clue

A **E**
Or these images that in ten years
B **E**
I ll run into you & fall right back inside of you

A **E**
Don t forget that I will always love you
A **E**
Just a reminder to help you pave your pathway
B **B**
Fall it cools, winter it snows
B **B**
Spring it rains, summer comes
E
And you go

A **E**
So when will we meet next and where will it be
B **E**
On a platform track in an old movie
A **E**
Cause time moves in circles and can leave you anywhere
B **B**
Fall it cools, winter it snows
B **B**
Spring it rains, summer comes
E
And you go

A **E**
Don t forget that I will always love you
A **E**
Just a reminder to help you pave your pathway
B **B**
Fall it cools, winter it snows
B **B**
Spring it rains, summers comes
E
And you go
