Take Control
By Martin H Mckenna

Am C
I was sittin at my computer
G Am
Just starin at the screen
Am C
Not aware of the world around me
G Am
I think you know what I mean

Am C
I can t seem to control my thoughts
G Am
I wonder how it effects me
Am C
They wander through a maze
G Am
Maybe I should let them be free

Am C
But in this civilised world i m apart of
G Am
their trying to spoil my creativity
Am C
They won t let my thoughts be open
G Am
Their greedy for more authority

A Great song written and composed by a great songwriter.
