**D** **Am**  
In a workin man s dream I found my simple truth  
**C** **G**  
There in the dark and on top of my roof  
**D** **Am**  
As the city s blue sound swept up from down under

Heat lightning flashed and it got me to wonder

Are the troubles that life has seen fit to give me

For so many years I believed I was broken  
**C** **G**  
The medicine sweet and the leaves I was smokin

Told me I was strong righteous and firm

But only if I comply and stay in the terms

With the deal made between weakness and shame

To shelter me from the price of my pain
