

How Far

Martina McBride

How far

this is a good song, one of my fav s by Martina. Its not perfect, and the chords might

not be in the exact place compared to the lyrics, but i bet that most of you have the

common sense and the musical abilities to figure it out. i m not registered yet, but i

will be in the near future, and my UN is LinkinPark2013, when i am registered.

so like,

yeah, comment on their someday if you have any comments!

enjoy

Chaz

G

Theres a Boat

D

I could sail away

Em

Theres the sky

C

i could catch a plane

G

theres the train

D

theres the tracks

Em

C

Em

i could leave and i could choose to not come back

D

oh, never come back

G

there you are

D

giving up the fight

Em

here i am

C

begging you to try

G

talk to me

D

let me in

Em

C

Em

but you just put your walls back up again

D

oh, whens it gonna end?

G

Chorus: How far

D **Em**
do i have to go to make you understand?
C **Em** **D**
i wanna make this work so much it hurts but i just can t
G
keep on giving
D
go on living
Em **C**
with the way things are
G
so im gonna walk away
D **G**
and its up to you to say how far :
G

Verse 2: theres a chance

D
i could change my mind
Em
but i wont
C
not till you decide
G
what you want
D
what you need
Em
do you even care
C **Em**
if i stay or leave?
D
oh whats it gonna be?

G
Chorus: How far
D **Em**
do i have to go to make you understand?
C **Em** **D**
i wanna make this work so much it hurts but i just can t
G
keep on giving
D
go on living
Em **C**
with the way things are
G
so im gonna walk away
D **G**
and its up to you to say how far :

Em **D**
Bridge: out of this chair

C **D**
or just across the room
Em **D**
half way down the block
C **D**
or half way to the moon

G
Chorus: How far
D **Em**
do i have to go to make you understand?
C **Em** **D**
i wanna make this work so much it hurts but i just can t
G
keep on giving
D
go on living
Em **C**
with the way things are
G
so im gonna walk away
D
and its up to you to say
G
Yeah Im gonna Walk away
D
and its up to you to say
G
how far
