

I'll Still Be Me
Martina McBride

[Verse 1]

C **Dm7**
Woke up in the middle of the night and saw you sleepin
C **F**
I was hopin you were dreamin about me
C
Kissed your cheek, and said, I love you
Dm7
You reached for me and then you mumbled
C **G** **F**
I love you too; is everything okay?
C **F** **Dm7**
I said, I'm fine, baby, go back to sleep
C
I've just been thinkin life is changin round us
F
And I hope you believe...

[Chorus]

C
I'll still be me
Dm
Just a normal girl from small-town nowhere
C **F**
I'll still hold your hand and wear this ring
C
I'll still be me
Dm
If you can count on one thing, I'll be here
G **F**
The same girl that you've known for centuries
C
I'll still be me.

G

[Verse 2]

C
We said we wanted all of this
Dm7
We made the plans together
C **F**
And promised that we'd never forget
C
Drinkin apple wine in our first kitchen

Dm
Throwin pennies in the well and wishin
C **F**
We d spend our lives forever holdin hands
C **Dm7**
And here we are, still holdin on
C **F**
But if all the pretty things tied up in bows were gone...

[Chorus]

C
I ll still be me
Dm
Just a normal girl from small-town nowhere
C **F**
I ll still laugh at your jokes and argue over silly things
C
I ll still be me
Dm
If you can count on one thing, I ll be here
G **F**
The same girl that you ve known for centuries
C
I ll still be me.

[Bridge]

Am
Empires could rise and fall
G
The sun could swallow the moon
F
And I don t hold a crystal ball
G
But I promise you

[Chorus]

C
I ll still be me
Dm
Just a normal girl from small-town nowhere
C **F**
I ll still be the mommy of our babies
C
I ll still be me
Dm
If you can count on one thing, I ll be here
G **F**
The same girl that you ve known for centuries

C

I ll still be me.
