You don t get to choose,  
**G**  
Something in-between.  
**E**  
Baby, you and me  
**D Bm**  
We re either on, we re off  
**A G**  
Or we re through.

So whatcha gonna do?

CHORUS:

**D**  
Cause I can t keep waiting round this house  
**A**  
Expecting you to change, you lead me on and let me down

**A G**  
You miss me, you want me, you need me... Whatever

I m done listening to all you talk, talk, talk  
**A**

**Bm A**  
Baby I m walking out the door, and out your life  
**G**

Out on you,

**D A**

So, whatcha gonna do?

VERSE:

**D**

Who do you think I am?

Oh, I deserve to know

**D Bm**

Are we on, or off

**A G**

Or through?

**G D**

Baby whatcha gonna do?

CHORUS:

**D**

Cause I can't keep waiting round this house

**A**

Expecting you to change, you lead me on and let me down

**Bm**

Every time you say you're sorry,

**A G**

You miss me, you want me, you need me... Whatever

**D**

I'm done listening to all you talk, talk, talk

**A**

Show me something true,

**Bm**

**A G**

Or baby I'm walking out the door, and out your life, wo-oh-oh

CHORUS:

**D**

I can't keep waiting round this house

**A**

Expecting you to change, you lead me on and let me down

**Bm**

Every time you say you're sorry,

**A G**

You miss me, you want me, you love me... Whatever

**D**

I'm done listening to all you talk, talk, talk

**A**

Show me something true,

**Bm**

**A**

Or baby I m walking out the door, and out your life,

**G**

Walkin out on you,
