

The Shoe Goes On The Other Foot Tonight
Marty Robbins

F **C**
How long did you think you could go on hurting me
G **C**
And I'd be your fool and wait at home alone
F **C**
You go out and have your fun like you are free
G **C**
Tonight I'll have some pleasures of my own

G
Cause the shoe goes on the other foot tonight
C
We'll find out if two wrongs can make a right
C **F**
Tonight I'll push my heartaches out of sight
C **G** **C**
Cause the shoe goes on the other foot tonight

Each time you walk out the door you walk on me
And you leave the door wide open for the blues
You fly away from me like you are free
You must think there's wings upon your shoes
