Here I am, I m still standing  
**Ab**                      **Fm**                      **Ab**  
Here I am, after all I ve been through  
**Eb**                      **Bb**  
I ve survived every toil and every snare  
**Ab**                      **Fm**                      **Gm**                      **Eb**  
I m alive, I m alive, here I am

There were times when I almost gave up  
And I ve cried and said lord it s too much  
El shaddai, he was there all the time  
By his grace he is keeping me alive  
By his grace and mercy  
I m still standing, standing

I m standing in the presence of the  
Almighty with power and a testimony  
I standing here today with one thing  
To say lord I thank you, thank you
