

Free As Stone
Mary Black

Phone calls and taxi rides and somebody s leaving

C **Em7** **F6/9** **G**

Misunderstandings get out of control

C **Em7** **F6/9** **G**

And the right words get left and the wrong words get spoken

C **Em7** **F6/9** **G**

He s gone but not your pride

C **G** **C** (see Tab)

Not much can help the full heart that s breaking
Can t find the words and you can t hide the feelings
And it s down to the bone to the heart of the matter
You re free, free as stone

Look at you now you re the picture of sorrow

Am **Em7** **F6/9** **G**

Head in your hands like a scene from a movie

And all of the things that seemed so important

Am **Em7** **F6/9** **G**

Are leaves and are blowing away

Not much can help the full heart that s breaking
Can t find the words and you can t hide the feelings
And it s down to the bone to the heart of the matter
You re free you re free as stone

Walk through this town on a cold sunday morning

AM **Em7** **F6/9** **G**

Soldiers in uniforms guns in their hands

The world all caught up with barbed wire fences

Am **Em7** **F6/9** **G**

I m free I m free as stone

Not much can help the full heart that s breaking
Can t find the words and you can t hide the feelings
And it s down to the bone to the heart of the matter
You re free, free as stone

C **G** **C** **Am**

You re free, free as stone

C **G** **C**
