[Verse]

Oh, come all ye maids who live at a distance
Many s a mile from off your sway
Come and assist me this very moment
For to pass away some time
Singing sweetly and completely
Songs of pleasure and of love
For me heart is with him altogether
Though I live not where I love

[Verse]

When I sleep, I dream about you
When I wake, I take no rest
Every moment thinking on you
My heart o er fixed in your breast
But although far distance maybe of assistance
If from my mind your love remove
For me heart is with him altogether
Though I live not where I love
