

Paper Friends
Mary Black

[Intro]

C Dm7 Em G

[Verse]

They sent you down a paper friend, I hear
You went back on all your vows you once held dear
There you stretched so calm and quiet
And things looked good, now don't deny it
You walked on air for fifteen minutes
And after that, there was nothing in it

[Chorus]

You don't need those paper friends at all
No, you don't need those kind of friends

[Verse]

You say you've lost your sense of time, again
Well, you've been using that excuse since who knows when
You went the way of all young rebels
Ignore the gods, embrace the devils
But they're no good for you in your state
So why not drive them right out of your gates?

[Chorus]

Cause you don't need those paper friends at all
You don't need those type of friends

[Bridge]

No one knows what you're feeling

And life goes on in its own sweet time

Am7 Dm7

Your passions flame for no reason

Em7 F

You haunt the city for something that shines

Em Dm7 G

Even one thing to rhyme

[Verse]

C Dm7 G

And if I meet you on the rounds today

C Dm7 Em

I hope you won't turn on your heel or walk away

Dm7

Yes, I know it takes so much effort

Em

But facing up can be so much better

Dm7

So what if dreams, they all come to nothing?

G7

Just blow your nose and keep on looking

[Chorus]

C Dm7 G

Cause you don't need those paper friends at all

C Dm7 G

You don't need those kind of friends

C Dm7 G

You don't need those paper friends

C Dm7 G

You don't need those paper friends
